

BOYS & GIRLS CLUB

of the Seminole Nation of Oklahoma

DECEMBER IMPACT REPORT

Our Mission

To provide a safe and nurturing environment that guides each young person on their path to developing good character, a respect of culture and diversity, academic excellence and the development of a healthy mind body and spirit.

Our Club Experience

Our Boys and Girls Club fills the gap between school and home. We provide welcoming, positive environments in which kids and teens have fun, participate in life-changing programs, and build supportive relationships with peers and caring adults.

The Need in Seminole Co.

Every day in Seminole County, 1 in 4 children live below the poverty line. One Seminole County school reports as many as 20% of their students leave school having no safe, stable nighttime residence. These children and youth risk being unsupervised, unguided and unsafe. Our club is dedicated to providing them a safe & nurturing environment during those critical non-school hours.
