

BOYS & GIRLS CLUB

of the Seminole Nation of Oklahoma

JUNE IMPACT REPORT

Our Mission

To provide a safe and nurturing environment that guides each young person on their path to developing good character, a respect of culture and diversity, academic excellence and the development of a healthy mind body and spirit.

Our Club Experience

Our Boys and Girls Club fills the gap between school and home. We provide welcoming, positive environments in which kids and teens have fun, participate in life-changing programs, and build supportive relationships with peers and caring adults.

The Need in Seminole Co.

Every day in Seminole County, 1 in 4 children live below the poverty line. One Seminole County school reports as many as 20% of their students leave school having no safe, stable nighttime residence. These children and youth risk being unsupervised, unguided and unsafe. Our club is dedicated to providing them a safe & nurturing environment during those critical non-school hours.

CLUB KID SPOTLIGHT

Aquarius Hutchinson

- ✓ Learned how to swim this summer
- ✓ Always is willing to participate
- ✓ Showed tremendous growth this month

CLUB DEMOGRAPHICS

COMMITMENT TO CULTURE

We strive to strengthen our youth's cultural identity through programming that explicitly promotes positive youth development along critical cultural, social, emotional, intellectual, and physical dimensions.

Our club staff works tirelessly to provide culturally relevant support to our diverse body of club members. We are committed to addressing the challenges and issues unique to various cultures while also celebrating their unique strengths.

Our club participates in monthly cultural programs designed to provide unique and enlightening opportunities that promote cultural learning and appreciation.

JUNE RECAP

During the month of June, the Boys & Girls Club experienced its largest and most successful summer program to date, providing youth with meaningful educational, recreational, and life skills opportunities throughout the month.

A total of **116** youth enrolled in the June Summer Program, with **100%** of enrolled members attending the Club at least once during the month. The Club recorded **1,149 total member check-ins**, setting a new single-month attendance record.

Average daily attendance reached 64 youth, with several days welcoming more than 80 participants, demonstrating the strong demand for quality youth programming within our community.

Throughout the month, members participated in a wide variety of evidence-based life skills programming designed to promote healthy decision-making and personal growth. Lessons focused on topics including decision-making, self-esteem, emotional regulation, substance use prevention, and other skills that help prepare youth for success both inside and outside the classroom.

To provide enriching experiences beyond the Club, youth participated in several educational and recreational field trips, including visits to Turner Falls, Golden Ticket Cinema, and Star Skate. Weekly swimming outings also gave members opportunities to build water confidence, with several youth learning to swim over the course of the month.

The success of the June Summer Program reflects the continued support of our community and the dedication of Club staff and partners. Through engaging programming, educational experiences, and positive relationships, the Boys & Girls Club continues to provide a safe, supportive environment where young people can learn, grow, and build the skills they need for a great future.

BGCSNOK UPCOMING EVENTS AND NEWS

The Boys & Girls Club of the Seminole Nation of Oklahoma continues to provide engaging opportunities for youth throughout the summer. During June, members participated in educational and enrichment activities, including CPR training provided by Wewoka Indian Health Service, a biodome art project, a visit from Miss Indian Oklahoma, and a fancy dance demonstration by a local Pow Wow dancer.

On July 7, the Club will host a parenting class sponsored by the Southern Plains Tribal Health Board. Families who attend will have their July Club membership fees covered, helping reduce financial barriers while connecting parents with valuable resources. The July Summer Program will conclude on July 23, after which the Club will briefly close to prepare for the new school year. Our Fall After-School Program begins August 6th.

We appreciate the continued support of our families, community partners, and stakeholders as we work together to help young people reach their full potential.
